LIFESCAPE PREMIER, LLC

Welcome to your meal planning guide! Taking the time to plan your meals can have such a positive impact on your health. This guide will help you create your very own delicious meal plan.

HOW TO USE THIS GUIDE

This guide contains a blank plan and a list of the recipes I have selected for you.

- Look through the recipes and select meals that appeal to you.
- Add them to your plan by clicking the "Add" button.
- Set the number of servings you'd like the recipe to create.
- Continue to add meals to your plan until it is complete to your liking.

GROCERY LIST

As you add meals to your plan, you'll notice that your grocery list is automatically generated. You can view it by clicking on the "List" tab from your plan. Your list is organized by category so that you know exactly what you need in each section of the grocery store. When your plan is done, get the list and do your shopping.

MEAL PREP

Once you have done your shopping, you may want to do some meal prep. This is optional but can really help set you up for a successful week. Look at the recipes you have chosen and see what can be prepped in advance. Perhaps you can dice vegetables or even make an entire recipe to save yourself time later on in the week.

Now you are all set to follow your meal plan! Check your plan every morning and night, so you know what is coming up next and can stay organized.

Meal planning is a skill that gets easier over time. Reach out to me any time with your meal planning questions.
